## DONATION REQUEST

### FOOTSTEPS CHILD CARE 30-YEAR ANNIVERSARY MILESTONE CELEBRATION

Dear Community Supporter,

We are reaching out to you with great anticipation and hope for your support as we approach a remarkable milestone – the **30th Anniversary of Footsteps Child Care Non-Profit**. As a private, not-for-profit corporation founded in 1994, we have grown to serve over 600 children daily across multiple locations in Belmont, Redwood Shores, San Mateo, and Redwood City. Our mission is to provide infants, children, youth, and their families with quality programs in a safe, nurturing, and enriching environment.

**On Saturday, September 28, 2024, we are uniting over 300 families, supporters, community members, teachers, and partners**, all of whom are integral parts of the community we serve to celebrate our 30th year of making a difference in our community. The event will include dinner, children’s performances, a children’s art show, a Raffle with an all-inclusive spa trip for two to a spa outside of Mexico City, and an online Silent Auction.

Your generous support for Footsteps Child Care’s 30-Year Anniversary Celebration will not only contribute to the success of the event but will also play a crucial role in supporting families in our community and staff including:

- Offer reasonable tuition rates for families needing preschool, child care, and summer camps.
- Invest in our childcare professionals to receive the highest possible wages and professional development opportunities.
- Charge a nominal amount for attendance, ensuring free admission for children, families who could not otherwise attend due to cost, as well as Footsteps staff.

We are immensely grateful for your consideration and sincerely hope you are able to donate.

Sincerely yours,

*Karen Haas-Foletta*

I AM 13 YEARS OLD NOW, AND AS A CHILD, I WAS ALWAYS VERY SHY AND TIMID, BUT FOOTSTEPS CHANGED THAT. I BECAME SO MUCH MORE FRIENDLY. I REALLY RECOMMEND THIS PLACE FOR ANYONE THAT IS LOOKING FOR A PLACE TO LEAVE THEIR CHILDREN FOR EXTRA SUPPORT. FOOTSTEPS ENSURES THAT THE CHILD IS SAFE.
